HEALTHCARE SYSTEM

Happy New Year!!

By the Founders, Dr. Hussein Musa & Dr. Adetoun Musa

A Bold New Year. I am grateful to all of our volunteers and supporters. We are so proud of all that we have accomplished this past year and the expansion of The Kingdom Healthcare System

Highlights from 2025 We have participated in 12 free clinics and screening events.

• We have assisted in screening over 200 individuals for kidney disease.

• We have served on average 12 patients per month in the form of direct patient care with prescription of medications, physical examinations, or medical screenings

Leadership Spotlight: Thank you to all of our board members and advisory council members. Thank you, Mr. Daniel Ross, for your service on our board this past year. You will be missed! Excited for our incoming board members. Stay tuned!
